

Dear Educator,

Great news! DreamWorks Animation's *Madagascar: Escape 2 Africa* has been digitally re-mastered into the unparalleled image and sound quality of The IMAX Experience®. So now is the time to 'round up' your class and "Move It, Move It" to your nearest IMAX theatre for a special holiday treat they won't forget! *Madagascar Escape 2 Africa: The IMAX Experience* opens on November 7<sup>th</sup>.

*In the highly-anticipated sequel to Madagascar, Alex, Marty, Melman, Gloria, King Julien, Maurice and the penguins and the chimps find themselves marooned on the distant shores of Madagascar. In the face of this obstacle, the New Yorkers have hatched a plan so crazy it just might work. With military precision, the penguins have repaired an old crashed plane — sort of. Once aloft, this unlikely crew stays airborne just long enough to make it to the wildest place of all — the vast plains of Africa, where the members of our zoo-raised crew encounter species of their own kind for the very first time. Africa seems like a great place...but is it better than their Central Park home?*

To assist you in bringing the wildlife fun into you classroom, inside this Activity Kit you will find the following:

- "Mane Man" Maze
- "Under Construction" Activity Page
